Exterior Window Cleaning

General Project Requirements

- The selected contractor shall have a proven work record of completing similar projects continuously for the past three (3) years.
- The contractor shall possess and maintain during the work the following minimum insurance policy coverage:
 - A. Worker's Compensation Insurance which meets Michigan statutory requirements and Employer's Liability
 - B. General Liability with the following coverage inclusions:
 - Broad form general liability endorsement or equivalent
 - Independent contractor coverage
 - Contractual liability
 - Name the County of Monroe as additional insured
 - C. Vehicle Liability Coverage and Michigan No-fault Coverage including all owned, non-owned and hired vehicles
 - D. Limits of Liability for Items B & D above shall not be less than \$2,000,000.00 per occurrence, and/or aggregate, combined single limit for Personal Injury, Bodily Injury and Property Damage

No work may be scheduled by the contractor without first submitting the above certificates to the County of Monroe. Upon award of the work by way of a purchase order, the contractor will be required to submit the insurance documentation.

- All glass shall be cleaned with solution of hot water and ammonia or commercial glass cleaning solution. A sponge or cloth cover shall be used to agitate/brush the glass surface to clean it thoroughly. Upon completion of this process the glass shall be dried with a squeegee. All horizontal and vertical aluminum trim and ledges shall be cleaned and wiped during this process. Any areas where window caulking is loose or damaged must be noted for the County. Any area requiring an application of caulk shall receive the caulk.

Specific Facility Requirements/Locations

At Monroe County Office Building, 125 E. Second St.

- The glass to be cleaned includes all the exterior black tinted glass on the four floors and the clear glass of the atrium. See attached floor plan showing exterior elevator areas to be cleaned. The interior of the vertical clear atrium glass is to be included and is the only interior glass to be cleaned. The horizontal round cylinder structural steel is to be wiped cleaned during this work along with the horizontal ledges of the windows. This is the orange colored non-glass material surfaces.

At Monroe County Courthouse, 106 E. First St.

- The glass to be cleaned includes all the exterior clear glass of the old original Courthouse structure. The upper steeple area is not included as no window glass is above the 4th story.
- Also, the bronze tinted glass of the two wings of the structure including all four stories. Only the exterior glass is to be cleaned.

At Stoner Kemmerling Buildings, 29 Washington St.

- The glass to be cleaned includes all the exterior glass of the three (3) stories. This includes the elevation on Washington Street, the square, and the rear elevation.
- Work may be completed when the facility is closed or during normal working hours so long as all safety precautions are taken to prevent injury to any persons or visitors to the facility and the work does not disrupt the operations of the facility. Upon award of the work, the scheduled date(s) will be determined with the Contractor and the County.

At Monroe County Law Enforcement Building, 100 East Second Street

- The glass to be cleaned includes the exterior glass of the first two (2) stories with glass windows. This does not include the upper narrow glass windows on the third floor.
- Work may be completed when the facility is closed or during normal working hours so long as all safety precautions are taken to prevent injury to any persons or visitors to the facility and the work does not disrupt the operations of the facility. Upon award of the work, the scheduled date(s) will be determined with the Contractor and the County.
- Contractors are urged to visit the sites to familiarize themselves with the work prior to submitting a proposal.

At Monroe County Museum, 126 South Monroe Street

- The glass to be cleaned includes all the exterior glass of the two (2) stories with glass windows.
- Work may be completed when the facility is closed or during normal working hours so long as all safety precautions are taken to prevent injury to any persons or visitors to the facility and the work does not disrupt the operations of the facility. Upon award of the work, the scheduled date(s) will be determined with the Contractor and the County.
